b. Called attention to the serious rifts that were occurring in the Communist Parties of the West. Mr. Dulles stated that we should take every advantage of this.

Mr. Becker:

a. Stated he had just received information that three Senators (Moore, Kurtz and Anderson) had made inquiry to State concerning duplication in social science research and had asked for information as to how much of this research was being performed "on the outside." He went on to say (1) he believed this was a result of our refusal to release certain information on research activities to the staff of PSB; (2) he had undertaken to get a full report on this matter.
